

Mishewah Family Camp Cabin Rentals

Here is what you need to know when you rent a cabin at Mishewah during family camp. The sixteen cabins with electricity are in our cabin line-up not far from the shore of Round Lake. Cabins are outfitted with four built in

single wide bunk beds with mattresses. You will want to bring your bedding, towels and kitchen linens needed for your family. Meals can be bought in the

dining hall during your stay or you can set yourself up for camp style cooking outside your cabin on a picnic table.

Some families bring dining tents, chairs, cook tables, barbeques or electric grills.

Mishewah has refrigeration available in two central areas. Each family unit can use up to one third of a refrigerator. For grocery items that you may run out of Round Lake Center is just 10 minutes away with a convenience style store. Killaloe has one grocery store while Pembroke is a larger shopping center.

There are two washroom houses with full shower facilities for men and women. One is located close to cabin 16 at the end of the cabin line while the other is close to cabin 1 and central to the camping area. Mishewah does not have laundry facilities for campers. Pembroke has a large modern facility.

Your week at Mishewah will be programmed by a camp director who will schedule the events each day and will make sure that you know your way around camp. There are morning and evening programs for children and teens. Adults enjoy a morning and evening chapel service. During the afternoon stay and enjoy our beautiful waterfront, rent a canoe or kayak. You can also sail across Round Lake in a rental sailboat. The Ottawa Valley offers several magnificent tourist venues. Nature provides a lot for us to enjoy. There will be tourist books available at the camp for you to choose how you might enjoy a day. It is tradition at Mishewah family camp to finish off each day with an ice cream cone or a milkshake. Enjoy your stay with us at Mishewah.
